Professional Summary

Motivated and detail-oriented B.Tech Computer Science and Business Systems student with a strong interest in Software Development, Web Development, Artificial Intelligence, and Machine Learning. Skilled in developing responsive web applications using HTML, CSS, JavaScript, React, and Python. Passionate about learning new technologies and contributing to innovative software solutions while continuously improving technical and problem-solving skills.

Education

B.Tech – Computer Science and Business Systems

Akshaya College of Engineering and Technology, Tamil Nadu
Anna University Affiliated

Expected Graduation: 2027

CGPA: 7.12

Technical Skills

Programming Languages

- Python
- JavaScript
- HTML5
- CSS3

Frameworks & Libraries

- React.js

Tools & Technologies

- Git
- GitHub
- Visual Studio Code

Core Concepts

- Object-Oriented Programming
 - Responsive Web Design
 - Basic Data Structures
 - Version Control using Git
-

Projects

Personal Portfolio Website

- Designed and developed a responsive portfolio using HTML, CSS, and JavaScript.
- Implemented sections for About, Skills, Projects, and Contact.
- Focused on clean UI, responsive layout, and professional presentation.

- Developed an AI-based chatbot to automate paper evaluation and grading.
- Reduced manual effort and improved evaluation efficiency.

Laser Security Alert System

- Built a laser-based security monitoring system capable of detecting intrusions and triggering alerts.
- Improved basic security automation using sensor technology.

Fake News Detection

- Developed a machine learning model to classify news articles as genuine or fake using Python.
 - Applied text preprocessing and classification techniques for prediction.
-

Internship / Training

Completed hands-on training in Web Development and React.js, gaining practical experience in:

- HTML & CSS
 - JavaScript
 - React Components
 - React Hooks
 - Git & GitHub
 - Building Responsive Web Applications
-

Strengths

- Quick Learner
 - Problem Solving
 - Team Collaboration
 - Positive Attitude
 - Time Management
 - Adaptability
-

Career Objective

To begin my career as a Software Developer in an organization where I can apply my technical knowledge, enhance my programming skills, and contribute to meaningful software solutions while growing professionally.

Languages

- Tamil (Native)
 - English (Professional Working Proficiency)
-
